

Waterford: Antimicrobial Guidelines - Antimicrobial Guideline: High Tech Antimicrobials

On discharge from hospital, the following antimicrobials must be prescribed via the High Tech Scheme on a **High Tech prescription** or via the **High Tech Hub online** :

- Fidaxomicin (*tablets & suspension*)
- Linezolid (*tablets & suspension*)
- Voriconazole (*tablets & suspension*)
- Posaconazole (*tablets & suspension*)
- Isavuconazole (*capsules*)
- Valganciclovir (*tablets & suspension*)
- Tobramycin (*nebules*)
- Aztreonam (*nebules*)
- Colistin (*inhaler*)

Note: If High Tech antimicrobials are prescribed on a **standard discharge prescription** , the community pharmacy will **not be able to order or dispense** the medication, resulting in unnecessary delays and/or interruptions to treatment.
